Code Revision- James Meyers

Current vacancy- central

Chapter 33 NFPA 241 Toolkit

AdHoc to talk about Shelters

NFPA Update- Lingle

- November is Carbon Monoxide Awareness Month. Get [CO resources](#) and download the [Keeping Your Community Safe with Carbon Monoxide Alarms toolkit](#) which offers consumers valuable safety tips for protecting their families from CO. There are resources, in English and Spanish, for fire departments and public safety educators to help spread awareness in their communities about CO safety. For materials from NCOAA visit <https://www.ncoaa.us/co-awareness-month-2024>.
- Join NFPA and [The Injury Free Coalition for Kids](#) on November 18, 2024, for National Injury Prevention Day. Did you know that injuries are the leading cause of death and disability for people ages 1-44? Many injuries are **PREVENTABLE** using safety practices, products, policies, and with your help. Programs like [NFPA's Learn Not to Burn](#) teach kids to recognize and avoid fire risks and injuries, helping them lead fuller and more productive lives. [#BEINJURYFREE](#)
- [Join Sparky in this new animated video](#). The critters are learning about fire safety. In this animated video, kids will follow the critters as they head to the fire station to meet Sparky the Fire Dog<sup>®</sup> and learn all about smoke alarms and having a home fire escape plan. Their adventure also takes them to Bunny's house to practice what they've learned — including always looking for two ways out and getting outside quickly to their family's meeting place. This video is great to watch in the classroom, at home or at a fire safety event. Have families develop and practice their own home fire escape plan afterwards.
- Thanksgiving is the peak day for home cooking fires with more than 3x the daily average. Download and share [cooking resources](#) with your community. Print the [Sight Words and Fire Safety fall activity](#) sheet for the kids' table at Thanksgiving dinner. Kids will reveal a fire safety message from Sparky using sight words and a color code. Check out spaky.org for [Thanksgiving Conversation Starters](#).

- The nomination period for the 2025 Wildfire Mitigation Awards is now open! A [#WMA](#) is the highest national honor for outstanding work and significant program impact in wildfire preparedness and mitigation. Learn more: <https://www.stateforesters.org/wildfire-mitigation>.
- On October 8, NFPA Vice President of Outreach & Advocacy Lorraine Carli spoke about the importance of codes and standards at the U.S. Fire Administrator's Summit on Fire Prevention and Control. [Learn more about Carli's testimony](#).

#### *Professional Development Opportunities and Conferences*

- Join us for the next CRR Kitchen Table session on Wednesday, November 20 at 1 pm eastern for a discussion with Peg Paul from the Home Fire Sprinkler Coalition to hear about the HFSC initiatives and learn how they use of economic incentives to reduce risks. Email [CRR@nfp.org](mailto:CRR@nfp.org) to be added to the invitation list.
- Webinar: Environmental Impact of Lithium-Ion Battery Incidents Compared to Other Types of Fires December 12, 2024, 10 a.m. ET/ [Register now!](#)

#### *Product Highlight*

- A package of [Carbon Monoxide Alarms Brochures](#) provide an excellent community education and awareness tool, helping people understand how carbon monoxide (CO) is produced in and around the home...the dangers it poses...symptoms of CO poisoning...and facts about when CO poisoning occurs most, and how often it occurs in the home. (4-color, Package of 100, Adults)

#### *Network Representative Spotlight*

We will be highlighting a different network rep every month. This month, meet our network rep from Oregon, Sara Jasmin, who is a fire prevention coordinator for the Oregon Department of State Fire Marshal. See the attached picture of Sara! When asked her favorite part of being an NFPA fire and life safety network representative, Sara said, "The energy I get from being around those in my network. Seeing others commitment and passion to fire prevention is always motivating and there is so much creativity and brilliance within the network!"

Three cool things about Sara:

1. Prior to coming to the Oregon State Fire Marshal, I worked in Juvenile Justice, supporting high risk youth and their families in a variety of areas with the goal of setting kids on a path to a healthy adulthood.
2. I am the proud mom of two awesome kids, Kendal (11) and Tyson (9), and the wife of a middle school special education teacher, who all keep me very busy with sports, clubs, and 49er's fandom.
3. I was born and raised in Oregon, growing up in Central Oregon, and spending most of my adult life in Western Oregon (aka, the Willamette Valley) and I happen to believe that Oregon is the most beautiful state.

IAAI – Buddy Thompson

Eastern Conference Feb 18-20 at Carolina beach

Education- Tony Smart

Institute 2025- potentials

Work with OSFM for code updates

Todd Ieger- class- TBD

Legislative- Brian Kelly

Stuff coming up Nov 19

Stuff coming up for WNC- possible call to action here shortly

Technology- Bobby Carmon

Help Bobby with getting stuff done

Adjourn @ 1509
